Professional Summary

Results-driven Flutter Developer with **1+ years of practical experience** in building high-performance, cross-platform mobile applications. Proficient in **Dart, Flutter framework**, and **modern mobile architecture**. Expert in **REST API integration, JSON handling**, and complex state management using **Provider and Riverpod**. Passionate about collaborating with designers to implement pixel-perfect UI/UX and thriving in fast-paced production environments.

Technical Skills

Mobile Development: Flutter, Dart, Android (Native Integration), iOS (Basic)

State Management: Provider, Riverpod, GetX (Advanced), Async Programming (Futures/Streams)

Architecture: Clean Architecture, MVC, MVVM, Dependency Injection

Backend & API: REST APIs, JSON Parsing, **Firestore (Auth, Firestore, FCM, Storage)**

Tools & DevOps: Git, GitHub, **GitHub Actions (CI/CD)**, VS Code, Android Studio, **Postman (Certified)**, Figma

Key Projects

Language Learning App | *EdTech Platform*

Interactive educational app focusing on vocabulary and grammar exercises.

- **Educational Logic:** Developed interactive quizzes and progress tracking features similar to modern LMS platforms.
- **State Management:** Utilized **Riverpod** to manage user sessions, quiz scores, and daily learning streaks efficiently.
- **UI/UX:** Designed a responsive, student-friendly interface with audio playback for pronunciation practice.

ArogyaPath | *Healthcare Application*

Comprehensive telemedicine app for appointment scheduling and records.

- **Clean Architecture:** Structured the codebase using Clean Architecture to ensure scalability and testability.
- **Offline Capability:** Implemented **Hive** for local data caching, allowing users to view appointments without internet.
- **API Integration:** Integrated REST APIs to fetch real-time health data and utilized **JSON** serialization.
- **Tech Stack:** Flutter, Provider, Firestore, FCM (Push Notifications).

Education

University of Frontier Technology, Bangladesh

Jan 2020 – Jan 2025

B.Sc. in Educational Technology and Engineering (EdTEE)

CGPA: 3.28/4.00

A multidisciplinary program integrating software development, instructional design, networking, and engineering principles.

Relevant Coursework: Mobile Application Development, Data Structures & Algorithms, OOP, Database Management Systems, Networking, Software Engineering, Database Systems, Cloud Computing, Testing & QA.

Certifications

- **SQL (Basics) Certified (HackerRank)** – Validates strong relational database knowledge. [🔗](#)
- **Postman API Fundamentals Student Expert – Postman, 2025** [🔗](#)
- **AWS Academy Graduate: Introduction to Cloud (2025)** [🔗](#)
- **CS Fundamentals With Phitron (2025)** – Focus on C++ and Data Structures. [🔗](#)
- **Soft Skill: 21st Century Core Employability Skills Development Program – Wadhvani Foundation, 2023** [🔗](#)
Achieved 90% score in the “Competencies of Job Ready Modules” under Wadhvani Opportunity’s global workforce readiness initiative.
